life, it's a Jewish thing. did not go to heaven. No ships do. There's no clear after Dear reader, I have sad news. After Centennial died, she tlush anything?

of endless trawis/CTDs, with a septic system that can not a good thing, even for boats? Or is she in a paradise spe do straight to Davy Jones, locker, which I'm told is of Friday Harbor, making calls from Justin's phone? Did Mhat happened to our beloved ship? Is she at the bottom "our research vessel flooded and became inoperable." Earth/in the Matrix, the rest of us now live on planet Tandlubbers and physical oceanographers live on planet community. To paraphrase Cheryl Strayed, whereas The sinking of the Centennial in 2019 jolted our dnestrou: what happens to ships after they die? overwhelming number of requests to address a particular In our most recent issue of "Ask TouchTank," we had an Research says: No.

Do all Ships go to Heaven?

was ended with just one casualty: the pig. Strait, English camp was abandoned in 1872, and the war occupation for 13 years. The border was set in Haro issue. By then, SJI had been under joint military took 3 years and 4 Germans arbitrators to settle the question was shelved. Even after the Civil War ended, it is. Unfortunately, the US Civil War broke out and the SJI everything until the grown-ups decide where the border tirst heard about the war. Orders were sent out to stop century, so it was another month before Washington D.C. included 424 men and 15 officers. This was the 19th wourps after the pig shooting, the US military presence and American war camps were built (see map). By two Americans responded to by sending in more troops. English British residents responded with warships, which the farmers. US infantry were sent to the island, and the Territory for military protection against litigious pig flag, and send a petition to the General of the Oregon Americans to get drunk on the 4th of July, erect a US

American pig-shooter to British court, leading the that pig got hisself shot. The Brits tried to take the farm. In 1859, a damn fool pig got into the potatoes, and Rush. One set up a potato patch next to a British pig
